German: lower intermediate

Education

German International University

Bachelor's Degree in Software Engineering

Professional Summary

Driven Software Engineering student with hands-on experience in full-stack and mobile app development. Passionate about transforming ideas into reality through code. Involvement in university and freelance projects has allowed fine-tuning of abilities in Flutter, React Native, Node.js, and more. Recognized for strong problem-solving capabilities and fostering teamwork to deliver high-quality software solutions.

Work Experience

- **Software Engineer at Kinetics Egypt** 6 Months
Gained experience in software engineering practices, real-world applications, and team collaboration.
- **ServiceNow Developer at VOIS** Current
Developing, customizing, and managing ServiceNow applications and workflows to enhance business processes and operations.

Relevant Projects

- Developed a Plastic Pallets e-commerce platform using microservices architecture with NestJS, NextJS, and MongoDB.
- Created a Help Desk software application enhancing customer service using the MERN stack.
- Built a BookStore web application hosted on AWS, utilizing various AWS services.
- Mobile E-commerce App (*Freelancing*): Designed and deployed cross-platform mobile app using Flutter and Firebase for phone sales.
- Designed a car showroom for selling cars with MVC architecture using Laravel and PHP.
- Implemented a metro system for booking tickets and calculating prices using NodeJS and PostgreSQL.
- Created two games with graphical user interfaces using Java and C++.
- Developed a Parking Finder software prototype with mock user interface and requirements specifications.

- Designed a company database project using SQL with a user interface.
- Used GitHub for version control, efficient collaboration, and project management.

Technical Skills

Node.js	SQL
Database Management	Next.js
MongoDB	NestJS
Full Stack Software Development	Prisma
React.js	Typescript
MERN Stack	GraphQL
Microservices	Flutter
Java	React Native
GitHub for version control	Service Now scripting

Personal Skills

Friendly, Positive Attitude	Flexible and Adaptable
Problem-Solving	Decision Making
Time Management	Communication
